ThinkPad BASIC DOCKING STATION

NEW SIDE CONNECTION. SAME ENTERPRISE-GRADE EXPERIENCE.

Lenovo™ ThinkPad® Basic Docking Station provides the best docking experience for Large Enterprise ThinkPad customers. The innovative side-connector, designed exclusively for ThinkPad notebooks, provides a driver-free way to connect conveniently and securely to a range of USB accessories and external displays, while rapid charging support and a mirrored power button make going mobile even easier. Designed for large enterprise environments, ThinkPad Docking Stations support PXE boot, Wake-on-LAN, and MAC address pass-through, simplifying asset management for IT managers. Painstakingly crafted and extensively tested, ThinkPad Docking Stations provide a seamless docking experience for professionals.

WHY YOU SHOULD BUY LENOVO THINKPAD BASIC DOCKING STATION

Innovative side connection. Exclusively for ThinkPad notebooks.
The innovative ThinkPad Basic Docking Station side-connector maintains the same intuitive one-step docking experience commercial customers have come to expect. Designed with combination of dual USB-C and ethernet ports, the side docking connector delivers a simple mechanical docking experience with almost all 2018 T, L, X, X1 Series ThinkPad notebooks.

Designed with Enterprise IT in mind
ThinkPad Basic Docking Station is equipped with all the features IT managers need for company-wide deployments, management, and security; vPro, PXE boot, and Wake-on LAN, MAC address-pass through and optional master key lock.

Upgraded performance
ThinkPad Basic Docking Station delivers 5 Gbps high-speed data through dual USB 3.1 ports, and single UHD display @ 60 Hz resolution. Combined with a 90W adapter, it is the perfect desktop expansion solution for graphic-intensive work. It meets essential needs with affordable price.

Lenovo
