Lenovo

Lenovo ThinkBook 14 2-in-1 Gen 5

Designed to impress, the Lenovo ThinkBook 14 2-in-1 Gen 5 is the go-to multimode device for today's on-the-go executives and ambitious mobile workforce. The sleek all-metal exterior in bright Luna Grey combines increased strength and durability with a modern, irresistible feel. This distinctive 14" form factor effortlessly transforms from laptop to tent to tablet, making it ideal for interactive presentations, onsite customer visits, and content creation. Lightweight, portable and compact, with all-day battery life, this Lenovo ThinkBook keeps you on task wherever inspiration takes you.

Powered by the Intel® Core Ultra processors (Series 2), this convertible delivers faster and impactful AI experiences that grow your business from anywhere with enhanced creativity, time savings, and built-in security. The new Lenovo Smart Connect creates a multi-device experience, enabling seamless connections for uninterrupted workflow. Plus, Lenovo Smart Meeting ramps up collaboration with AI-accelerated features like smart noise, auto-framing, intelligent video, and the AI key on the keyboard. Notetaking and sketching have never been smoother, thanks to the innovative Lenovo Yoga Pen.¹ Need more reasons to be impressed? The user experience is further elevated with improved Harman audio, 90% screen-to-body ratio, and enhanced keyboard and Trackpad.

Lenovo ThinkBook 14 2-in-1 Gen 5

INTELLIGENT MOBILITY

With the Intel® Core Ultra processors (Series 2) for great performance and all-day unplugged capability, this ThinkBook multimode delivers a dedicated AI engine for secure on-device AI-accelerated efficiency. This device is optimized to impress, with adaptive performance, smart battery, and intelligent network connectivity of Intel® Wi-Fi 6E. Light and thin at just 16.9mm, the Lenovo ThinkBook 14 2-in-1 Gen 5 is the perfect productivity companion wherever work takes you.

INSPIRING EXPERIENCE

Integrated Intel® Graphics powers media and display technologies with ease, while other AI apps can be offloaded to this GPU engine for smoother multitasking. Collaboration is smarter than ever, too, with Lenovo Smart Meeting features like smart noise cancellation, auto-framing, and eye contact correction. We've amped up the typing experience with a subtle shift in the touchpad to enhance alignment, as well as providing comfortable large keys, 1.5mm key travel, and accessibility keys on the keyboard. Plus, the new Lenovo Yoga Pen¹ is ideal for more natural writing, drawing, and brainstorming—then it magnetically snaps securely in place.

WORRY-FREE PRODUCTIVITY

This mainstream convertible may be affordable, but it doesn't compromise on security and durability. The Intel® Core™ Ultra offers multi-layer AI-driven security features available right out of the box, while hardware protection like fingerprint reader with touch, the FHD IR camera¹, and TPM 2.0 level up digital defense. Plus, with robust MIL-STD-810H grade testing, including a 60cc spill-resistant keyboard, you can work from everywhere with confidence. And when your workdays are long, the EyeSafe® certification and Dolby Vision certified screen help you keep your focus.

STRONG EXPANDABILITY

The Lenovo ThinkBook 14 2-in-1 Gen 5 grows along with your career, thanks to impressive upgradeable features to extend its life. Because it's so powerful and highly expandable, with impressive DDR5 5600MHz dual DIMM memory, dual 2280 SSD storage, and a great array of ports, tomorrow's challenges are no match for this multimode. Improved sustainability features, like recycled material in device components and packaging, as well as upgraded Energy Star 9.0 and TCO 10.0 help ensure that the environment is future-ready too.

Lenovo Solutions & Services

Lenovo Solutions & Services were designed from the ground up to deliver smarter solutions that create better outcomes for your business.

LENOVO TRUSCALE DEVICE AS A SERVICE

TruScale DaaS is a convenient, predictable subscription model with a range of end-to-end services that helps you avoid overprovisioning, reduce TCO, and promote circularity.

LENOVO CO₂ OFFSET SERVICES

Manage your technology carbon footprint, make tangible contributions to the environment, and support verified climate action projects with easy-to-purchase offsets. Lenovo CO₂ Offset Services estimates the carbon emissions across the device lifecycle through a seamless, transparent process.

LENOVO PREMIER SUPPORT PLUS

Elevate the SMB employee IT support experience to enterprise grade with the latest ThinkBook devices alongside Premier Support Plus. AI-powered insights help you do more and waste less. Premier Support Plus delivers seamless advanced support from anywhere with smarter proactive and preventive services. It's the ideal solution for your workforce in the office, remote, or hybrid to promote productivity, reduce downtime, and create a positive employee experience.

Lenovo ThinkBook 14 2-in-1 Gen 5

Committed to sustainability

At Lenovo, we're focused on providing smarter technology that builds a brighter, more sustainable future for our customers, colleagues, communities, and the planet. We're determined to build a smarter future for all through the products and services we offer. And we partner with Intel, the industry leader in sustainable semiconductor manufacturing.

As we continue innovating to provide technology solutions that are more energy efficient and human centered like the Lenovo ThinkBook 14 2-in-1 Gen 5, we stay focused on empowering you to meet your own sustainability goals—and solve humanity's greatest challenges.
