Lenovo ThinkPad T1g Gen 8

Refined Design. Relentless Performance.

Lenovo

intel
vPRO

That's the power of Intel Inside®

The Lenovo ThinkPad T1g combines exceptional power with sleek design. Featuring up to Intel® Core™ Ultra 9 processors (Series 2) with Intel vPro® technology, an integrated NPU for enhanced AI processing, and up to the NVIDIA GeForce RTX™ 5070 Laptop GPU, it offers power users unmatched portability and enhanced productivity. With its sustainable aluminum chassis and ultra-narrow bezels, it's a sophisticated solution for professionals running demanding workloads on the go—perfect for content creators, gamers, and prosumers who require high performance in a thin and light mobile form factor.

TOPS**

CPU package: up to 99 TOPS
GPU: up to 798 TOPS
Total: up to 897 TOPS

Features

Modernized Design

Combines style and sustainability with ultra-narrow bezels and an aluminum chassis.

16" 16:10 Display

Three high quality options to suit your budget including new Tandem OLED panel for increased brightness, high refresh rate, and excellent color reproduction.

Accelerate Creativity with AI

Optimized for machine learning and generative AI workflows, empowering creators to build, iterate, and innovate faster.

Reliable Wireless Connectivity

Intel Wi-Fi 7 (5 Gig) delivers enhanced bandwidth and reduced latency for seamless streaming, gaming, and productivity.

Recommended Services

Lenovo's Premier Support Plus

delivers advanced anywhere, anytime seamless support with AI-powered, proactive and preventative services. Also includes Accidental Damage Protection, extended battery warranty (for eligible devices) and Keep Your Drive. You'll minimize downtime, boost productivity, enhance the experience, and free up in-house IT resources from break/fix maintenance.

Warranty Extensions & Upgrades

Lenovo offers a range of warranty upgrades to suit your business needs, such as next business day upgrades. Warranty extensions allow you to control your device budget, protect your investment and potentially lower the cost of ownership over time.

Lenovo's Asset Recovery Services

(ARS) enables secure destruction of data, helps reduce e-waste, and offers a fair market value for your end-of-life IT assets. The service also supports equipment from any manufacturer including PCs & tablets, monitors, servers, phones, printers, copiers and networking equipment.

Lenovo CO₂ Offset Service makes offsetting carbon emissions simple and within the control of the customer. We offset the carbon emissions across the average lifecycle associated with each of our devices by providing the option at point of purchase. These offsets help support climate action projects verified by United Nations, Gold Standard[®], and Climate Action Reserve.

1 Optional

2 SSD, fingerprint reader module, motherboard

3 Product packaging shall contain, on average, a minimum total percentage of 90% by weight of any combination of the following materials: Recycled content, biobased plastic, non-wood biobased fiber material, and/or sustainably forested material.

4 Standard / bulk

5 EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country

6 Certification available on select models
