## IdeaPad 5i 2-in-1 (14", 15", 11)

### The smarter choice for versatility.

Built for those who need a device that adapts to every moment, this 2-in-1 runs on Intel® Core™ Ultra H Series processors with Copilot+ PC features. Flip on a 360° hinge into an up-to WQXGA OLED display with TÜV Low Blue Light and Dolby Audio® sound, powered by a 60Wh battery in a flexible, yet durable frame.

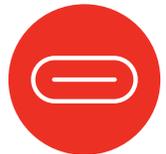

#### For those who refuse to choose

Intel® Core™ Ultra processors give the IdeaPad 2-in-1 Series the balance of speed and efficiency you need. With Intel® Arc™ graphics and AI optimization, it stays fast and smooth—even unplugged. Sketch and edit seamlessly across modes, with quiet cooling and dependable battery life that keeps up with your passion projects or study routines.

#### Entertainment, elevated

Step into a world where every frame pulls you in and every sound surrounds you. The up-to WQXGA OLED display glows with lifelike color and contrast, turning movies and shows into experiences you can feel. Dolby Audio® speakers amplify the mood, while TÜV Low Blue Light lets you watch deep into the night without missing a beat.

#### Plug in without limits

Wherever you set up, you'll have the connections you need. Two USB-C ports for charging and displays, two USB-A for trusted devices, plus HDMI, audio jack, and MicroSD keep projects, peripherals, and presentations running smoothly. More ways to connect means fewer limits on how you work and play.

#### Strength in every detail

Freedom starts in the design. Slim and light, it slips into any bag yet opens to a full canvas with a smooth 360° hinge. A recycled aluminum frame, tested to MIL-STD-810H, stands up to daily knocks, while long-lasting battery and Rapid Charge keep the flow going wherever the day leads.

#### Copilot+ PC: Smarter AI, every day

Copilot+ PC unlocks a smarter way to work and play. Recall helps you instantly retrace steps to find files or sites you've seen before. Cocreator turns words or sketches into vivid images, while Live Captions translates audio in 40+ languages, making creation and connection effortless.

<sup>1</sup> All battery life claims are approximate to the half hour and based on two methods of testing: MobileMark® 2030 battery life benchmark @ 250 nits brightness and continuous 1080p video playback @ 150 nits brightness on the latest update of Windows 11. Actual battery life will vary and depends on many factors such as product configuration and usage, software use, wireless functionality, power management settings, and screen brightness. The maximum capacity of the battery will decrease with time and use. Rapid Charge is only available on the 60Whr version battery.

<sup>2</sup> Height is calculated using T2 measurements and should be considered 'as thin as'.

## LENOVO SERVICES

#### Lenovo Premium Care Plus

Lenovo Premium Care Plus is the ultimate PC support experience with you as our priority 24/7.
