

Lenovo ThinkBook

Smarter technology for all

Lenovo

Lenovo ThinkBook 14 2-in-1 Gen 6

Simple, smart, and versatile, with AI-accelerated experiences across every mode, the new Lenovo ThinkBook 14 2-in-1 Gen 6 flexes to meet the needs of hybrid workers. The modern, all-metal design elevates this thin and light device, turning heads as you turn up four-mode productivity. Fueled by the Intel® Core™ Ultra 7 Series 3 processor with up to 50 TOPS NPU—and enhanced by Copilot+ PC features and Lenovo Qira¹ on-device assistance—this intelligent convertible delivers a premium experience for everyday business users.

The AI-driven collaboration features like Smart Meeting and Windows Studio Effects, along with super-linear speakers for clear audio and amplified video resolution, make virtual meetings and presentations more natural and immersive. Lenovo's smart power optimization intelligently balances energy use for improved efficiency and longer battery life, allowing the 60Wh battery to keep you powered up on the road, in the field, and at the café. From collab sessions to sketching to typing to presenting, all with AI-optimized efficiency, the Lenovo ThinkBook 14 2-in-1 Gen 6 moves to meet you where you are.

AI PCs built for business

¹ Future update

Lenovo ThinkBook 14 2-in-1 Gen 6

AI-ACCELERATED COMPUTING

The Lenovo ThinkBook 14 2-in-1 Gen 6—the only ThinkBook convertible—delivers a next-gen AI PC experience in a compact, modern 14" mainstream multimode. Powered by Intel® Core Ultra 7 Series 3 processor, this 2-in-1 delivers incredible battery life, powerful performance, and the freedom to do more anywhere. The Copilot+ PC features unlock efficiencies with business-ready AI for real-world benefits, including the latest innovations in on-device and cloud intelligence to enhance communication, increase productivity, and boost security. Plus, Lenovo Qira¹ builds a fused knowledge base that combines user-selected interactions, memories and documents across devices to understand context, continuity and personal patterns over time for AI-driven efficiency. All this AI productivity stays protected as well, thanks to Copilot+ PC security, including Secured-core PC protection and Microsoft Pluton.

ADAPTIVE DESIGN

A single device that refuses to be categorized, the Lenovo ThinkBook 14 2-in-1 Gen 6 seamlessly moves from laptop to tablet to presentation mode as you pivot through your day to tackle every task. Stay focused, go with the flow, and present to impress—and do it all better and faster—with on-device AI-powered assistance. Engineered to inspire, this slim and light convertible boasts an all-metal chassis and a new dual-tone aesthetic. To capture ideas on the fly, you'll love the new Lenovo Yoga Pen 2² that securely attaches to the A cover. Beyond intelligent fluidity, Lenovo prioritizes sustainability with the use of recycled materials in the design, 100% plastic-free packaging and energy certifications.

EXCEPTIONAL USER EXPERIENCE

Beyond the AI-accelerated workflow efficiencies, collaboration with the Lenovo ThinkBook 14 2-in-1 Gen 6 is smarter than ever. Experience built-in intelligent software, including Smart Connect to bridge the digital gap between your devices and Smart Meeting for AI-powered audiovisual features. The communication and accessibility features of the Copilot+ PC enable real-time Live Captions with translation ideal for global teams, along with video call enhancements with Windows Studio Effects for more engaging interactions. Rounding out the immersive UX are Lenovo's super-linear speakers for premium sound and super resolution to intensify video quality, along with Voice Access for voice-controlled, hands-free productivity.

Lenovo Solutions & Services

Lenovo Solutions & Services were designed from the ground up to deliver smarter solutions that create better outcomes for your business.

LENOVO TRUSCALE DEVICE AS A SERVICE

Deploy the IT resources you need and responsibly dispose of those you don't. Supported by our suite of services, TruScale DaaS helps you prolong device usability and promote circularity for your IT assets.

LENOVO CO₂ OFFSET SERVICES

Make carbon offsetting easy with a seamless, transparent process for Lenovo devices across your current IT fleet or new purchases—with a sustainability dashboard to view the offset metrics.

LENOVO PREMIER SUPPORT PLUS

Reduce downtime and increase productivity with direct access to advanced technicians who provide better, faster solutions that work every time—anytime, anywhere.

Lenovo ThinkBook 14 2-in-1 Gen 6

At Lenovo, we're focused on providing smarter technology that builds a brighter, more sustainable future for our customers, colleagues, communities, and the planet. We're determined to build a smarter future for all through the products and services we offer. And we partner with Intel, the industry leader in sustainable semiconductor manufacturing.

As we continue innovating to provide technology solutions that are more energy efficient and human centered like the Lenovo ThinkBook 14 2-in-1 Gen 6, we stay focused on empowering you to meet your own sustainability goals—and solve humanity's greatest challenges.
