

Lenovo ThinkPad

Smarter technology for all

Lenovo

Lenovo ThinkPad E14 Gen 8 *i*

From financial services and marketing professionals to engineers and programmers, the new Lenovo ThinkPad E14 Gen 8 *i* delivers improved performance, high running speed, long battery life and an enhanced display to boost go-everywhere productivity. Powered by Intel® Core™ Ultra Series 3 processors supplying 48 TOPS of NPU power and advanced Copilot+ features, this thin and highly portable dynamo makes light of heavy workloads, streamlining daily flow with impressive AI-driven efficiency at a great value.

This 14" slim laptop redefines the mainstream user experience by pairing high-speed performance with thoughtful elevated features. Visuals are vibrant and true to life thanks to the brighter display and integrated Intel® graphics, while Audio by Harman, the 5MP camera and AI-enhanced meeting features combine to create a professional-grade collaboration environment. Supported by Intel® Wi-Fi 7 connectivity, speedy dual Thunderbolt 4 ports, and extended battery life, the ThinkPad E14 Gen 8 *i* is built for modern, seamless workflows.

PC with Intel Inside®

Lenovo ThinkPad E14 Gen 8 *i*

SMART PERFORMANCE

Powered by up to Intel® Core™ Ultra 7 Series 3 processors, the ThinkPad E14 Gen 8 *i* is purpose-built for business. With the stability business depends on, this innovative processor is crafted for real-world performance, long battery life, enterprise-grade security and unmatched manageability across roles. Engineered for demanding workloads, the generous memory and storage support responsive multitasking, while an optimized thermal design maximizes performance and power efficiency. The powerful NPU enables secure, on-device AI for personalized efficiency, accelerating Copilot+ PC features that boost innovation, enhance communication and increase productivity. With impressive battery efficiency for unplugged confidence and dual Thunderbolt 4 ports for seamless workspace expansion, this go-everywhere laptop delivers an intelligently designed experience.

INSPIRING USER EXPERIENCE

In addition to advanced computing performance, the ThinkPad E14 Gen 8 *i* takes the employee experience to the next level. The improved 14" display delivers bright, vivid visuals with up to 500 nits of brightness, amplifying clarity while reducing eye strain for all-day viewing. AI-accelerated meeting tools, paired with a 5MP camera and immersive audio by Harman and Dolby Atmos, ensure clear communication and a more engaging collaboration experience. An ergonomic keyboard and responsive TrackPad provide lasting comfort, making everyday interactions smooth and intuitive.

TRUSTED DESIGN

Secure, reliable, and built for modern business, the Lenovo ThinkPad E14 Gen 8 *i* delivers trusted protection across every layer of computing. Enterprise-grade features such as dTPM 2.0 for data encryption, biometric login, and a self-healing BIOS help safeguard devices from the ground up, while next-gen Copilot+ PC security—including Secured-core PC protection and Microsoft Pluton—keeps systems resilient against evolving threats. The Intel® Core™ Ultra Series 3 processor with Intel vPro® provides a safe foundation for modern computing and AI, integrating advanced technologies from the hardware layer through the entire computing stack, including intelligent remote management tools for more efficient and secure PC fleet operations. Sustainability is built in as well, with multiple customer replaceable unit (CRU) elements, including the battery, D cover, memory, SSD and speaker.

Lenovo Solutions & Services

Partner with Lenovo to implement more sustainable, cost-efficient practices across the device lifecycle and make a meaningful difference in how you use technology.

LENOVO TRUSCALE DEVICE AS A SERVICE

Deploy the IT resources you need and responsibly dispose of those you don't. Supported by our suite of services, TruScale DaaS helps you prolong device usability and promote circularity for your IT assets.

LENOVO CO₂ OFFSET SERVICES

Make carbon offsetting easy with a seamless, transparent process for Lenovo devices across your current IT fleet or new purchases—with a sustainability dashboard to view the offset metrics.

LENOVO PREMIER SUPPORT PLUS

Reduce downtime and increase productivity with direct access to advanced technicians who provide better, faster solutions that work every time—anytime, anywhere.

Lenovo ThinkPad E14 Gen 8 *i*

Committed to sustainability

At Lenovo, we're focused on providing smarter technology that builds a brighter, more sustainable future for our customers, colleagues, communities, and the planet. We're determined to build a smarter future for all through the products and services we offer. And we partner with Intel, the industry leader in sustainable semiconductor manufacturing.

As we continue innovating to provide technology solutions that are more energy efficient and human-centered like the Lenovo ThinkPad E14 Gen 8 *i*, we stay focused on empowering you to meet your own sustainability goals—and solve humanity's greatest challenges.
